About Iraklia

Iraklia is a tiny island that belongs to the Cyclades complex. It is geographically located between **Naxos** and **Ios**, two of the most popular Greek islands, but still Iraklia preserves its calm and traditional style.

Only a few people live permanently in Iraklia and its number doesn't overpass 150 residents. However, in summer, the island gets more population who has summer houses there or deal with tourism businesses.

The main port of Iraklia is Agios (Saint) Georgios, a pictureque small harbor that owes its name to a small chapel that is found closeby. Some houses and rooms to rent have been built around this port. The other village of Iraklia is Panagia, located in the centre of the island with fewer inhabitants.

In summer, small excursion boats leave from Agios Georgios and make the tour of the island, stopping at several beaches. The most famous beach of Iraklia is Livadi, an impressive sandy beach with crystal water and a long shore. There are also many other beaches and small coves in Iraklia to enjoy privacy and calmness.
